A warm welcome to all of our new families that have joined us on our journey of learning. We work endlessly to ensure our education team provided individuals the opportunity to develop at their own pace and level. We may be a small school but we have a huge heart and strive hard to provide a family atmosphere that nurtures and develops each individual. To maintain this high standard we ask for your assistance and cooperation in supporting your children through participating in the family fun homework and joining us for our Inspire workshops.

Last year we saw a huge increase in pupils bringing in sweets as birthday treats for their class mates, however we have a number of pupils with severe allergies therefore can we request that you do not send in sweets or cakes when it is your child's birthday. Not only is this unhealthy for children regarding dental hygiene, it also impacts upon home time in organising for this to be done.
